

Glorious Hexagons Quilt Along

A Bi-Monthly Workshop

Join us for a 12 month sampler quilt journey and learn the art of English Paper Piecing. This is a large handwork project, but is made in small increments at a time, which makes it more manageable and more fun. It is inspired by the book "The New Hexagon" and accompanied by the book "Glorious Hexagons". Each person will create their own unique one of a kind sampler with fussy cut fabrics. The finished piece is approximately 90" x 96", but you may create your own size from your blocks.

This workshop meets the first and third Wednesdays of the month. The cost is just \$10.00 per month (\$5.00 per class). Our team leader, Jessie, will explain the paper piecing method and give us her tricks and tips every month for the blocks we are working on. This program will start in April, 2016. * Workshops start in April, but March 16th is a FREE workshop to explain the program and give you a jump start!

Supplies: You will need to purchase "the New Hexagon Book" (\$26.99) and "Glorious Hexagons" (\$9.99) booklet, everyone needs their own copy of each.

Each month there will be one set of English Paper Pieces, enough to complete 28 blocks. The price is \$19.95 per set. (1 set per month)

Needle, thread, scissors

Glue basting stick

Suggested:

Small iron

Twisting cutting mat or small cutting mat

Small 18mm rotary cutter

Acrylic Cutting Templates 32 piece set \$110.00
